Dear Mr. Tenney

Recently, I was the recipient of a package that you sent to the airmen at Bagram Air Field. It was filled with much needed items from home along with some delicious snacks. The package arrived in good condition.

Thank you for assisting me in my ministry in Afghanistan. My team and I shared the items that you sent with other men and women who are stationed at Bagram. All are very appreciative.

Please know that you are making a difference in the lives of men and women.

May God's grace and peace be with you.

Very respectfully,

William B. (Brad) Davis, Ch, Maj, USAF
